NOTICE REGARDING ACCEPTANCE OF THE INITIAL COMMENTS OF MIDWEST ENERGY CONSUMERS' GROUP

Issue Date: July 12, 2016

On July 11, 2016, the Midwest Energy Consumers' Group (MECG) filed Initial Comments in response to the Commission's June 8 invitation to submit such comments by July 8. Along with its comments, MECG filed a Motion to Late File, seeking leave to file its comments one business day late.

The Commission will, of course, accept MECG's comments. All comments are welcome and the Commission wants to be made aware of as many viewpoints as possible. This is not a contested case that would be subject to firm procedural deadlines, and the Commission established dates for the filing of comments only as a means of moving the discussion forward. As a result, persons or entities that wish to file comments outside the established time frames do not need to file a motion for leave to "late-file" those comments.

BY THE COMMISSION

Morris L. Woodruff
Secretary

Morris L. Woodruff, Chief Regulatory Law Judge, by delegation of authority pursuant to Section 386.240, RSMo 2000.

Dated at Jefferson City, Missouri, on this 12th day of July, 2016.
