Excerpts

Construction Licensing Requirement: § 287.061. 1. Any city or county which issues an occupational or business license for a contractor in the construction industry shall require a certificate of insurance for workers' compensation coverage or an affidavit, the form of which shall be developed by the division, signed by the applicant attesting that the contractor is exempt. No city or county shall have the duty to investigate any certificate of insurance or affidavit filed pursuant to this section.

2. Any contractor who fails to comply with the provisions of subsection 1 of this section shall be denied such a license until he or she furnishes a certificate of insurance.

3. It is unlawful, pursuant to section 287.128, for any contractor to provide fraudulent information pursuant to this section.

Definition of Employer: § 287.030.1. The word "employer" as used in this chapter shall be construed to mean:

(1) Every person, partnership, association, corporation, limited liability partnership or company, trustee, receiver, the legal representatives of a deceased employer, and every other person, including any person or corporation operating a railroad and any public service corporation, using the service of another for pay;

(2) The state, county, municipal corporation, township, school or road, drainage, swamp and levee districts, or school boards, board of education, regents, curators, managers or control commission, board or any other political subdivision, corporation, or quasi-corporation, or cities under special charter, or under the commission form of government;

(3) Any of the above-defined employers must have five or more employees to be deemed an employer for the purposes of this chapter unless election is made to become subject to the provisions of this chapter as provided in subsection 2 of section 287.090, except that construction industry employers who erect, demolish, alter or repair improvements shall be deemed an employer for the purposes of this chapter if they have one or more employees. An employee who is a member of the employer's family within the third degree of affinity or consanguinity shall be counted in determining the total number of employees of such employer.

Sole Proprietor and Partner Exclusion: § 287.035. 1. The benefits provided by this chapter resulting from work-related injuries shall apply to partners or sole proprietors, only when such partners or sole proprietors have individually elected to procure insurance policy protection for themselves against injuries sustained while in the pursuit of their vocation, profession or business.

Corporate Exemption (Two Owners/Employees): § 287.090. 5. A corporation may withdraw from the provisions of this chapter, when there are no more than two owners of the corporation who are also the only employees of the corporation, by filing with the division notice of election to be withdrawn. The election shall take effect and continue from the date of filing with the division by the corporation of the notice of withdrawal from liability under this chapter. Any corporation making such an election may withdraw its election by filing with the division a notice to withdraw the election, which shall take effect thirty days after the date of the filing, or at such later date as may be specified in the notice of withdrawal.

Criminal Penalties: § 287.128. 1. It shall be unlawful for any person to:

(8) Knowingly make or cause to be made any false or fraudulent material statement or material representation for the purpose of obtaining or denying any benefit;

3. 5. Any employer failing to insure his liability pursuant to this chapter shall be guilty of a class A misdemeanor and, in addition, shall be liable to the state of Missouri for a penalty in an amount equal to twice the annual premium the employer would have paid had such employer been insured or twenty-five thousand dollars, whichever amount is greater. In attempting to schedule the dispute resolution, the director shall make a good faith effort to consider the input of the parties, provided that in any case where a deficiency is determined by the director to be an imminent safety hazard or to constitute a serious structural defect, an immediate hearing may be scheduled at the sole discretion of the director.
