### SENIOR PROFESSIONAL ENGINEER

The Engineering Analysis Department of the Industry Analysis Division seeks to fill a Senior Professional Engineer position in our Jefferson City office to perform analysis related to energy issues that affect Missouri's investor-owned utilities and their customers.

This position requires knowledge of the utility industry in areas such as generation, transmission, distribution, and safety. This position prepares testimony in PSC hearings on utility rates, services, construction, production and/or resource planning, and performs depreciation studies or production cost modeling. Also serve as an engineering technical resource in engineering areas such as electrical, gas or generation systems. This position also requires the ability to assist in formulating research strategies and selecting and applying the appropriate analytical methods or computer models to provide high quality information to decision makers. This position will coordinate technical aspects of rate cases before the Commission in the role of case coordinator, negotiate with utility representatives and interveners, and provide input and testify on issues as an expert witness. A high level of both verbal and written communication skills and the ability to explain and interpret the results of complex technical information to both technical and non-technical audiences is required.

**QUALIFICATIONS:** Graduation from an accredited four-year college or university with a Bachelor's degree in engineering with the curriculum approved by the Accreditation Board for Engineering and Technology and 6 or more years of engineering experience, two years of experience in a regulatory, compliance, or utility environment preferred. (Graduate work in the specified educational areas may be substituted on a year-for-year basis for the required general experience.) PE in Missouri required. Experience with spreadsheets and word processing is essential. Other computer simulation and database experience is also preferred. The ability to work well in a team environment is a must. Strong analytical, writing and interpersonal skills and personal computer experience required.

The annual salary is \$80,072 plus benefits. Benefits include 13 paid holidays annually, 10 hours paid sick and vacation time each month, potential telecommuting options, flexible work schedules, physical fitness opportunities, and tuition reimbursement. The position also offers optional life, medical, dental and vision coverage, and the state employee pension plan. To be considered for this position, submit an application, resume, a copy of each transcript from all colleges/universities attended and a one or two page technical writing sample by 5:00 pm May 24, 2024 to: MO Public Service Commission, Reference Number IA080524, P.O. Box 360, Jefferson City, MO 65102 or via e-mail to [pscjobs@psc.mo.gov](mailto:pscjobs@psc.mo.gov).
