MISSOURI PUBLIC SERVICE COMMISSION

JOB OPPORTUNITY

ANALYST

The Missouri Public Service Commission is seeking an Analyst in our Federal/Multijurisdictional Unit who will primarily be involved with monitoring and analyzing Federal Energy Regulatory Commission (FERC) orders and rulemakings, natural gas pipeline rate filings, electric transmission formula rate filings, and tariff filings to identify those areas which affect Missouri natural gas and electric companies and customers. Will also develop and prepare documentation to support the PSC’s position and responses in FERC proceedings.

QUALIFICATIONS: Graduation from an accredited four-year college or university with a Bachelor’s degree in finance, accounting, economics, business or public administration, or a closely related field and 2-6 or more years of professional or technical experience in management analysis, fiscal or financial analysis, or operations research. (Graduate work in the specified educational areas may be substituted on a year-for-year basis for up to two years of the required general experience.) Good communication skills a must.

Starting salary will be commensurate with education and experience. The annual salary range is $51,155 - $69,366 plus benefits. Benefits include 13 paid holidays annually, 10 hours paid sick and vacation time each month, potential telecommuting options, flexible work schedules, physical fitness opportunities, and tuition reimbursement. The position also offers optional life, medical, dental and vision coverage, and the state employee pension plan. To be considered for this position, please submit an application, resume, provide a copy of each transcript from all colleges/universities attended, and a one to two page technical writing sample by 5:00 pm September 23, 2022 to: MO Public Service Commission, Reference Number GC080922, P.O. Box 360, Jefferson City, MO 65102 or via e-mail to pscjobs@psc.mo.gov. For additional information, visit http://psc.mo.gov/General/Career_Opportunities.
