

MISSOURI PUBLIC SERVICE COMMISSION

JOB OPPORTUNITY

INFORMATION TECHNOLOGIST I-II-III-IV

The Missouri Public Service Commission is seeking a self-directed, detail-orientated individual to join our Information Services team as a systems administrator.

This position will be responsible for documenting and maintaining server and network configurations including server configuration, build instructions, network diagrams, IP addresses, etc. This position will document and maintain service contracts for all servers and network equipment. Evaluate equipment needs and submit acquisition requests for routine equipment replacement as well as new initiatives for all servers and networking equipment. Responsible for planning and communicating with staff for network downtime, using existing change management practices. Responsible for monitoring and alerting for all server and network equipment across primary and disaster recovery sites, user provisioning, and deploying software patches as needed for the agency's desktops, servers and network equipment. Starting salary will be commensurate with your education and experience.

Candidates qualifying as an **Information Technologist I** must possess two or more years of experience as an Information Support Coordinator or a Bachelor's degree from an accredited college or university, or an Associate's degree or 60 earned credit hours from an accredited college or university with a minimum of 15 earned credit hours in computer science or computer information technology, or three or more years of experience in the operation of midrange and/or mainframe computer and computer peripheral equipment; and possession of a high school diploma or GED certificate. The annual salary for an Information Technologist I is \$32,308 - \$36,340.

Candidates qualifying as an **Information Technologist II** must possess one or more years of experience as an Information Technologist I or a Bachelor's degree from an accredited college or university with a minimum of 15 earned credit hours in computer science or computer information technology or four or more years of experience in the operation of midrange and/or mainframe computer and computer peripheral equipment, including one or more years of supervisory experience or experience serving as an assistant shift supervisor; and possession of a high school diploma or GED certificate. The annual salary for an Information Technologist II is \$37,624 - \$41,116.

Candidates qualifying as an **Information Technologist III** must possess one or more years of experience as an Information Technologist II or a Bachelor's degree from an accredited college or university with a minimum of 15 earned credit hours in computer science or computer information technology; and one or more years of experience in one or more of the following information technology areas: applications development/support, business/systems analysis, communications technologies, network technologies, information technology security, databases, system programming, end user support, and/or web technologies. The annual salary for an Information Technologist III is \$41,884 - \$45,892.

Candidates qualifying as an **Information Technologist IV** must possess one or more years of experience as an Information Technologist III or a Bachelor's degree from an accredited college or university with a minimum of 15 earned credit hours in computer science or computer information technology; and, two or more years of experience in one or more of the following information technology areas: applications development/support, business/systems analysis, communications technologies, network technologies, information technology security, databases, system programming, end user support, and/or web technologies. The annual salary for an Information Technologist IV is \$45,892 - \$56,068.

Preference given to candidates with exposure to:

- Microsoft server software including Active Directory, SQL and Exchange;
- Cisco switches and firewalls;
- Virtualization software including VMWare vSphere or Microsoft Hyper-V;
- Microsoft PowerShell for system administration.

To be considered for this position, please send an application, resume, and a copy of all transcripts by 5:00 pm **January 18, 2019** to: MO Public Service Commission, **Reference Number AD010119**, P.O. Box 360, Jefferson City, Missouri 65102 or via e-mail to pscjobs@psc.mo.gov. For additional information, visit http://psc.mo.gov/General/Career_Opportunities.
