

JOB OPPORTUNITY

RULES AND TARIFF ANALYST

The Missouri Public Service Commission (PSC) is seeking to fill a Rules and Tariff Analyst position in our Tariff/Rate Design Department in the Jefferson City office. This position will perform analysis and provide recommendations related to energy issues that affect Missouri's investor-owned utilities and their customers.

Job Posting Number: IA130626

Salary: Annual salary range for a Rules and Tariff Analyst is \$61,976 - \$68,510 plus benefits. (The salary listed reflects the base pay rate. Verified prior state service, subject to applicable eligibility requirements, may increase total compensation.)

Job Location: This position is located at 200 Madison Street, Jefferson City, MO 65102

Why you'll love this position:

The Missouri Public Service Commission regulates investor-owned electric, natural gas, steam, water and sewer utilities in Missouri, in addition to manufactured housing. We ensure that Missourians receive safe and reliable utility services at just, reasonable and affordable rates. The Tariff/Rate Design Department evaluates and makes recommendations on all investor-owned electric tariff filings; participates in almost all formal cases such as rate, complaint, application, territorial agreements, sales, mergers etc. by providing technical support and expertise, performs rate design, weather normalization and class cost-of-service studies and defends the results of those studies in formal cases before the Commission; and monitors issues and developments affecting the electric industry in Missouri.

What you'll do:

- Develop and conduct research studies and/or assess the impact of proposed utility applications and tariff filings.

- Present findings to state agencies, senior policy makers, and other stakeholders.
- Serve as a technical consultant.
- Review tariffs.
- Provide extremely detailed verification of analyses presented by regulated utilities through written and oral testimony before the Public Service Commission.
- Plan, develop, and present new ideas, concepts, and strategies related to systems and techniques.
- Gain understanding of the interrelation of tariff mechanisms on Missouri ratepayers.
- Develop and make recommendations to the Commission based on the results of their analysis of the issues and testify under cross-examination from other stakeholders.
- Position may require occasional in- and out-of-state travel.

All you need for success:

Minimum Qualifications

- Bachelor's degree from an accredited college or university and 2-4 years of relevant experience.
- Experience with spreadsheets and word processing is essential.
- The ability to work well independently and in a team environment is a must.
- Strong written and oral communication of technical subjects as well as the ability to comprehend and interpret technical writing are essential to this position.

More reasons to love this position:

The State of Missouri offers an excellent benefits package that includes a defined pension plan, generous amounts of leave and holiday time, and eligibility for health insurance coverage. Your total compensation is more than the dollars you receive in your paycheck. To help demonstrate the value of working for the State of Missouri, we have created an interactive Total Compensation Calculator. This tool provides a comprehensive view of benefits and more that are offered to prospective employees. The Total Compensation Calculator and other applicant resources can be found at <https://pers.oa.mo.gov/applicants>.

- Health insurance 1st of the month following start date.
- 10 hours of paid sick and vacation time each month.
- 13 paid holidays.
- Optional life, medical, dental, and vision coverage.
- Potential flexible work schedules, physical fitness opportunities, and tuition reimbursement.
