- * All entries included in Columns "E", "F" and "G" should be supported by records that identify the property retired and the cost of removal or salvage in detail.
- ** Annual Depreciation Expense should be calculated based upon actual in-service and retirement date(s) of new equipment and retirements during the period.
- ** The depreciation expense formula provided is only an approximation assuming all activity for the year occurred mid year.

NOTE: All entries should be supported by records that identify the property being added or retired, its location, and its original cost in as much detail as reasonably possible. If adjustments are included in Columns "E", "F" and/or "G", use additional sheets.
