**File No. AX-2014-0193**

**NOTICE CLOSING FILE**

Issue Date: August 16, 2016

An amendment to 4 CSR 240-2.090 with regard to the filing of data requests became effective on August 14, 2014. The proposed amendment was supported by an affidavit stating that the proposed change would cost less than \$500 to private entities.

The Staff of the Missouri Public Service Commission (Staff) advised the Commission by memorandum on July 5, 2016, that one private entity and small business had reported to Staff that the rule change requiring submission into the Electronic Filing and Information System (EFIS) cost more than \$500 in additional legal fees. Staff advised that Subsection 536.200.2, RSMo., required the Commission to publish a statement of actual cost. Additionally, Staff advised that if the fiscal note was incorrect, that statement was required to be published within 90 days after the close of the first complete fiscal year following the effective date of the amendment.

Subsection 536.200.2, however, refers to the fiscal costs of public entities. The companion statute Section 536.205, with regard to fiscal costs for private entities, does not

require the filing of an actual cost statement. Therefore, the Commission determines that no further action is needed by the Commission and the file shall be closed.
