On July 1, 2016, KCP&L Greater Missouri Operations Company ("GMO") submitted an application and tariff designed to implement an adjustment to its Fuel and Purchased Power Adjustment Clause. The submitted tariff bears an effective date of September 1, 2016.

Pursuant to Commission Rule 4 CSR 240-20.090(4), the Commission's Staff shall submit a recommendation regarding the proposed adjustment no later than 30 days after its filing. No later than 60 days after receiving the proposed adjustment, the Commission must: (1) enter an interim rate adjustment; or (2) approve or reject the tariff as submitted; or (3) allow the tariff to go into effect by operation of law. Consequently, the Commission shall issue notice, set an intervention deadline, and direct its Staff to file a recommendation.

GMO's FAC was most recently re-approved) are parties to this case, and will direct its Data Center to add those parties to the service list.
