ORDER APPROVING FUEL ADJUSTMENT CLAUSE TRUE-UP

Issue Date: August 17, 2016

Effective Date: September 1, 2016

On July 1, 2016, KCP&L Greater Missouri Operations Company (“GMO”) filed an application for its fifteenth Fuel Adjustment Clause (“FAC”) true-up filing. The filing identifies the over-recovery of GMO’s FAC for the 12 months in Recovery Period 15 (March 1, 2015 through February 29, 2016). GMO operates in two rate districts, “MPS” and “L&P.” During Recovery Period 15, GMO states that it over-recovered \$3,202,215¹ from MPS customers, and over-recovered \$815,474² from customers in its L&P rate district.

The over-recovered amounts for the MPS and L&P rate districts, including accumulated interest, are included in GMO’s calculation of its proposed Fuel Adjustment Rates in the FAC adjustment filing currently before the Commission in File No. ER-2017-0001. On August 1, the Commission’s Staff filed a recommendation on GMO’s true-up filing, as required by Commission rule 4 CSR 240-20.090(5)(D). Based on its examination and analysis of information filed by GMO, including the direct testimony of

¹ This amount includes a correction for over-recovery of \$3,641,196 of MISO transmission charges for the Crossroads Generating Station. This offsets an under-recovery by GMO of \$438,981.

² This amount includes a correction for over-recovery of \$950,137 of MISO transmission charges for the Crossroads Generating Station. This offsets an under-recovery by GMO of \$134,663.

Linda Nunn and supporting schedules, Staff recommends the Commission approve GMO's true-up filing amounts for Recovery Period 15.

Based on the direct testimony of Linda Nunn and the uncontested recommendation of Staff, the Commission will approve GMO's true-up filing. The Commission will allow this order to go into effect in less than thirty days so that it may coincide with the Commission's order in File No. ER-2017-0001.

THE COMMISSION ORDERS THAT:

1. KCP&L Greater Missouri Operation Company's true-up filing for the fifteenth recovery period (March 1, 2015 through February 29, 2016) is approved.
2. This order shall be effective on September 1, 2016.
3. This file shall be closed on September 2, 2016.
