**ORDER GRANTING APPLICATION
FOR EXPANDED SERVICE AREA AS AN
ELIGIBLE TELECOMMUNICATIONS CARRIER**

Issue Date: September 16, 2016

Effective Date: September 16, 2016

On November 10, 2010, in File No. XO-2011-0062, the Commission designated Telrite Corporation d/b/a Life Wireless (Telrite), as an eligible telecommunications carrier (ETC) for the purpose of providing prepaid wireless services in the service areas of AT&T Missouri. On August 29, 2016, Telrite filed its verified application requesting an expansion of that designation to all exchanges within the State of Missouri.

The Commission issued notice of the application, but there were no requests to intervene. The Staff of the Missouri Public Service Commission (Staff) filed a recommendation on September 15, 2016. Staff states that it is not aware of any reason why extending Telrite’s service area would be contrary to public interest.

The Commission has reviewed Telrite’s verified application, which set out the reasons why this application is in the public interest, and Staff’s recommendation. The Commission finds the expansion of Telrite’s designation as an ETC to all areas within the State of Missouri to be in the public interest and grants the requested relief.

THE COMMISSION ORDERS THAT:

1. The designated service area of Telrite Corporation d/b/a Life Wireless, a wireless eligible telecommunications carrier, is expanded to include all exchanges in the State of Missouri.
2. This order shall be effective when issued.
3. This file shall be closed on September 17, 2016.
