**ORDER APPROVING ADOPTION  
OF AMENDMENTS TO INTERCONNECTION AGREEMENT**

Issue Date: November 7, 2017

Effective Date: November 17, 2017

This order approves the adoption by Southwestern Bell Telephone Company, d/b/a AT&T Missouri (AT&T Missouri) and Metropolitan Telecommunications of Missouri, Inc. (Metropolitan Telecommunications of Missouri) of an amendment to an interconnection agreement previously approved by the Commission.

**Procedural History**

On September 15, 2017, AT&T Missouri filed a letter notifying the Commission of AT&T Missouri and Metropolitan Telecommunications of Missouri's desire to adopt previously-approved amendments to the interconnection agreement between Level 3 Telecom of Kansas City, LLC and AT&T Missouri, approved by the Commission in File No. IK-2017-0222 on March 10, 2017.

On September 20, 2017, the Commission issued an order directing notice of the adoption to all interexchange and local exchange telecommunication companies and making Metropolitan Telecommunications of Missouri a party. The notice stated that any party wishing to request a hearing shall do so no later than October 4, 2017. No requests for hearing were filed.

On October 19, 2017, the Staff of the Missouri Public Service Commission recommended that the Commission approve the application.

### **Findings of Fact**

After reviewing the file, the Commission finds that AT&T Missouri and Metropolitan Telecommunications of Missouri intend to adopt the same terms and conditions of the amendments to the interconnection agreement between Level 3 Telecom of Kansas City, LLC and AT&T Missouri, approved by the Commission in File No. IK-2017-0222, on March 10, 2017. Level 3 Telecom of Kansas City, LLC did not object to the request and AT&T Missouri filed this notice of the adoption of the amendments to the interconnection agreement. No objections have been received.

## **Conclusions of Law**

The adoption of the terms and conditions of a previously approved interconnection agreement is authorized by Section 252(i) of the federal Telecommunications Act of 1996.<sup>3</sup>

Section 252(i) states:

(i) Availability to Other Telecommunications Carriers. –

A local exchange carrier shall make available any interconnection, services, or network element provided under an agreement approved under this section to which it is a party to any other requesting telecommunications carrier upon the same terms and conditions as those provided in the agreement.

Federal rule 51.809 (Rule 809) was promulgated to implement Section 252(i) of the Act. Rule 809 provides that the incumbent local exchange company must provide the interconnection, network elements, or services to a requesting telecommunications carrier that notifies the ILEC that it wishes to adopt the interconnection, network elements, or services from a Commission-approved interconnection agreement unless stated conditions are proven to the Commission. An ILEC can deny an adoption if it proves that (1) the cost of providing a particular interconnection, service, or element to the requesting telecommunications carriers is greater than the cost of providing it to the telecommunications carrier that originally negotiated the agreement, or (2) the provision of the particular interconnection, service, or element to the requesting carrier is not technically feasible.<sup>4</sup> Commission rule 4 CSR 240-28.080 allows the Commission to approve the adoption or amendment of previously approved interconnection agreements.
