PREFACE

This volume of the *Reports of the Public Service Commission of the State of Missouri* contains selected Reports and Orders issued by this Commission during the period beginning December 1, 2002 through September 30, 2004. It is published pursuant to the provisions of Section 386.170, et seq., Revised Statutes of Missouri, 1978, as amended.

The syllabi or headnotes appended to the Reports and Orders are not a part of the findings and conclusions of the Commission, but are prepared for the purpose of facilitating reference to the opinions. In preparing the various syllabi for a particular case an effort has been made to include therein every point taken by the Commission essential to the decision.

The *Digest of Reports* found at the end of this volume has been prepared to assist in the finding of cases. Each of the syllabi found at the beginning of the cases has been catalogued under specific topics which in turn have been classified under more general topics. Case citations, including page numbers, follow each syllabi contained in the Digest.
