

MoPSC Staff Proposed MCA-2

Kansas City Metropolitan Calling Area (MCA) Telephone Exchanges

Proposed MCA-2 Calling scope:

- ▶ All current Principal Zone, MCA-1 and MCA-2 customers would be incorporated into a new Zone 1.
- ▶ All current MCA-3, MCA-4 and MCA-5 customers would be incorporated into a new Zone 2.

For outbound calling under the proposed MCA-2:

- ▶ All new Zone 1 customers could call all customers in the new Zones 1 and 2 (MCA subscribers and non-subscribers alike).
- ▶ All new Zone 2 MCA subscribers could call all new Zone 1 and all new Zone 2 customers (MCA subscribers and non-subscribers alike).
- ▶ All new Zone 2 non-MCA subscribing customers would be able to call all customers in their own exchange, plus EAS points, if any. (This aspect of MCA-2 does not change from the current MCA calling plan).

For receipt of inbound calls under the proposed MCA-2:

- ▶ All customers in the entire metropolitan calling area could receive toll-free calls from all customers in the new Zone 1.
- ▶ All customers in the entire metropolitan calling area could receive toll-free calls from all MCA subscribers in the new Zone 2.
